## LaTeX, Evolved

The easy to use, online, collaborative LaTeX editor

The screenshot shows the LaTeX, Evolved online editor interface. The top navigation bar includes 'Menu', 'The Universe' (document name), 'Review', 'Share', 'Submit', 'History', and 'Chat'. Below this is a toolbar with 'Source' and 'Rich Text' tabs, a 'Recompile' button, and icons for file operations. The left sidebar shows a file explorer with 'figures' (containing 'universe.jpg') and 'sections' (containing 'main.tex' and 'references.bib'). The main editor area is split into two panes: the left pane shows the LaTeX source code, and the right pane shows the rendered PDF output. The source code includes document class, package loading, title, author, date, and a section titled 'Introduction'. The rendered output shows the title 'The Universe', the date 'May 2019', and the 'Introduction' section with a paragraph of text. At the bottom, there is a 'Get started now' section with three steps: 1. Register using Google, 2. Register using ORCID, and 3. Register. Below these are input fields for email and password, a checkbox for receiving emails, and a 'Register' button. A footer note states: 'By registering, you agree to our terms of service.'
